

torbo[®] Car

The mobile unit

The torbo car models, AC30 to AC80, is build up with a torbo unit plus compressor, a large water tank and a hose reel.

While others are still installing their units and connect the single components you are already ready to go with your torbocar.

Your benefits with torboCar

- short setup times
- fast and mobile ready for use
- just a few vessel fills a day
- numerous applications - from gentle to powerful
- convincing driveability
