

Engineered to quietly deliver high performance in the harsh environments of the protective coatings industry.

Reliable Performance

Designed to handle the toughest high volume protective and corrosion resistant coatings in almost all environments.

Tough Engineering

With smooth changeovers, low pulsation, and easy onsite maintenance, the Elcometer Tornado Airless Pump has been engineered from the ground up and built to last.

Whisper Quiet Spraying

The Elcometer Tornado's unique dual exhaust silencers and anti-icing technology ensure quiet and reliable operation in either hot or cold climates.

Ready for work...

Insulated Poppet Switches

- Incorporates aerospace technology to prevent icing
- Quick access for servicing

Whisper Quiet Exhausts

- Eliminates internal icing
- Ensures quiet operation

Accessible & Protected Air Controls & Filters

- Avoids accidental knocks
- Integrated moisture separator to ensure good quality air

All Terrain Cart

- Lightweight and balanced
- Robust roller-bearing airless tyres
- Integrated spray gun and hose hooks
- Pre-fitted hopper attachment points

Reliable & Robust Air Motor

- Smooth & crisp changeovers
- Operates in hot & cold environments
- Low pulsation even with two spray guns
- Quiet, reliable operation

Integrated Tool Storage

- Ideal for storing essential tools, spray tips, filters and lubricating oils

High Performance Pump Lower

- Ideal for protective & marine coatings
- Available as 71:1 and 43:1 ratio pumps
- Supports up to two spray guns
- Field replaceable elcoTOUGH™ long-life packings
- Quick release piston lower
- Easily removable with a hammer

Rapid Change Suction Hose

- Smooth flow elbow joint for easy cleaning
- Safe to use fluid purge hose
- User-replaceable fluid hose
- Integrated drip hook

Unique 2-Way Seat Technology

 Rapidly switch between low / standard and high viscosity coatings in the field, in less than 5 minutes

Quick Release Assembly

- Quick dismantle pump lower housing for easy onsite maintenance
- Easy to service with standard tools

Recirculation / Flush Hose

- Longer recirculation / flush hose to relieve pressure build up

Minimise Product Build Up

- Smooth flow angled elbow to ensure there is no product build up

Suction Hose

- Easy to remove and clean
- Main hose is replaceable with any compatible paint hose
- Smooth flow angled elbow helps to ensure no product build up
- Integrated product filter supplied as standard

elcoTOUGH[™] **Packings**

Long-life elcoTOUGH™ Packings are made of leather and tough ultra-high-molecular-weight polyethylene². Engineered to be abrasive, solvent and wear resistant, elcoTOUGH™ Packings ensure a tight pump seal for a better and consistent performance.

Easy and fast to replace onsite to minimise downtime and maximise spray time, saving you time and money.

elcometes

Tested for Ultimate Reliability & Durability

Three years in development, over 3,640 hours of laboratory and field trials with a wide range of marine and protective coatings, in temperatures from -3 to 52°C (27 to 126°F), completing over 13.2 million pump cycles - you can have confidence in the Elcometer Tornado's reliability and durability.

Easy Onsite Maintenance

Save time and money, with maintenance in less than 20 minutes with no special tools!

Loosen the fluid suction hose using a hammer.

Disconnect the piston collars.

Using a wrench, remove pump from tie rods.

Remove the lower to service or replace.

TORNADO AIRLESS PUMPS

Built for durability and resilience, the Elcometer Tornado Pump is designed to handle extreme environments while delivering consistent, high-quality performance.

With its high-volume, high-pressure output, the Elcometer Tornado is available as industry standard 71:1 and 43:1 ratio pumps - to tackle the most demanding jobs efficiently and reliably, even with the toughest protective coatings.

Floometer Tornado Accessories

Stainless Steel Product Hopper Kit

Large 38 litre (10 US Gallon) gravity product tank and filter for use with Elcometer Tornado airless pumps.

Part Number	Description
PT30090389	Hopper Kit 38 litre (10 US Gallon)

Airless Product Hose

High pressure airless product hose: Working pressure: 6,164 psi (425 bar) ID: 9.6mm (0.38") x OD: 17.5mm (0.69") with 1/4" swivel couplings.

,	
Part Number	Description
PT56414131	High Pressure Airless Product Hose Set (includes 15m (49.2ft) High Pressure Airless Product Hose, 1.5m (4.9ft) Whip Hose and 1/4" to 3/6" Adapter)
PT86463831	High Pressure Airless Product Hose 15m (49.2ft)
PT56414110	High Pressure Airless Whip Hose 1.5m (4.9ft)
PT55750311	1/4" to 3/8" Adapter
PT85761110	3/8" M-M Stainless Steel Connector for High Pressure Hose

Airless Spray Guns

Elcometer's Sagola PSAM 500 Airless Spray Gun with reversible tip spray guard. Maximum pressure 7,252psi (500 bar).

Part Number	Description
PG30170111	Sagola PSAM 500 Airless Spray Gun with Reversible Tip Spray Guard
PG30170108	Sagola PSAM 500 Airless Spray Gun with Fixed Tip Spray Guard

elcoTOUGH™ Packings

Engineered to be abrasive, solvent and wear resistant, ensuring a tight pump seal for a better and more consistent performance.

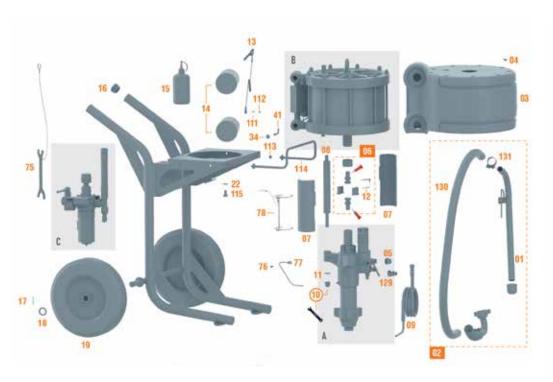

Part Number	Description
PT56418753	elcoTOUGH™ Upper Packing Kit: UHMWPE, PTFE & Graphite Filled PTFE
PT56418754	elcoTOUGH™ Upper Packing Kit: UHMWPE & Leather
PT56418749	elcoTOUGH™ Lower Packing Kit: UHMWPE, PTFE & Graphite Filled PTFE
